NUMBER PLATE MATHS!

NUMBER PLATE GAME - 2

Pick a number of your choice (12 or below).

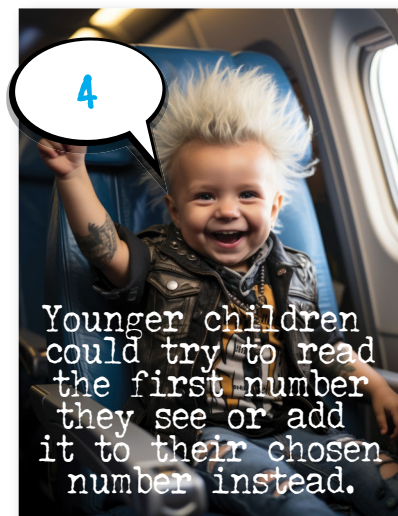

Multiply it by the first number you see on a number plate

FUN 4U

$$6 \times 4 = ?$$
$$7 \times 4 = ?$$

The first person to get it correct scores a point!

Younger children could try to read the first number they see or add it to their chosen number instead.

NUMBER PLATE GAME - 3

The first person to multiply all the digits in the first number plate they see correctly, scores a point!

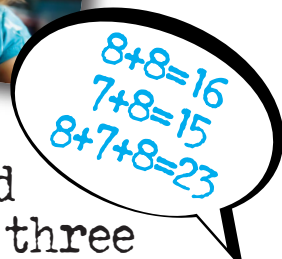

E8TUN 78

$$8 \times 7 \times 8 = ?$$

Children can jot notes if they want to.

Younger children could try to read all the numbers...

...or add two or three numbers together instead.

NUMBER PLATE GAME - 1

Spot a vehicle number plate.

FOLDBL3 7

Pick two numbers and try to multiply them.

$$3 \times 7 = ?$$

The first person to get it correct scores a point!

Younger children could try to read the numbers or add two numbers together instead.
